| S.No | Instrument   | As % of Total Public Funds | As % of Total Liabilities | As % of Total Assets |
|------|--|----------------------------|---------------------------|----------------------|
| 1    | Commercial papers                                      | 0.00%                      | 0.00%                     | 0.00%                |
| 2    | Non Convertible Debentures (original maturity <1 year) | 0.00%                      | 0.00%                     | 0.00%                |
| 3    | Other short term liabilities                           | 17.00%                     | 14.53%                    | 8.89%                |

**(vi) Institutional set-up for liquidity risk management.**

The company's Board of Directors has overall responsibility of management of liquidity risk. The Board decides/ guides the strategy, policies and procedures to manage liquidity risk.

The Board, in turn has established an ALM Committee (ALCO) consisting of the Company's senior management, is responsible for ensuring adherence to the risk tolerance limits as well as implementing the liquidity risk management strategy of the Company. Amongst other responsibilities, ALCO has been empowered to decide the funding mix for the Company in light of the future business strategy and prevailing market conditions.

The Company also has a Risk Management Committee reporting to the Board and responsible for evaluating overall risks faced by the Company including liquidity risk.
